Notes:

The phrase “Storm incident report” is centred justified in the 2018 version and left justified in the 2023 version.

The font has changed and the font size has changed.

The title has been made bold in the 2023 version.

3 tags have been added in the 2023 version.

Notes:

The font size and type have changed.

The parallel lines in the different versions are in different places.

In the 2018 the document has two references to “incident log”,  
in the 2023 version there is only one.

2018:

Comment	Date	Time	User
CALLER HAS ATTENDED AT AA STATION AT FRONT DESK STATING THAT [REDACTED] HAS HAD A TEXT MESSAGE FROM AN ALAN TAIT	03/07/2018	22:29:08	84036
[REDACTED]	[REDACTED]	[REDACTED]	[REDACTED]

2023:

Comment	Date	Time
[REDACTED] TEXT MESSAGE FROM AN ALAN TAIT	03/07/2018	22:29:08
[REDACTED] TAIT HAD TEXT	03/07/2018	22:31:44

Notes:

The font size and type are different in the two versions.

In the 2018 version all the characters that have been redacted fitted on four lines, in the 2023 version only three lines are used.

2018 (from the above clips)

2023 (from the above clips)

It can be seen that the 2023 font is wider than the 2018 font, this would mean that the 2023 version would require more space than the 2018 version.

Yet the 2018 version the redaction had four lines and in the 2023 version there are only three.

2018:

[REDACTED] THE CONTENT OF THE MESSAGE WAS NOT HARASSING OR DISTRESSING, [REDACTED]	03/07/2018	22:31:44	84036
++	03/07/2018	22:31:46	84036

2023:

[REDACTED]	03/07/2018 22:31:44
++	03/07/2018 22:31:46

Notes:

In the 2023 version the far right hand column is not shown.

The font and font size are different.

The redaction does not end in the same place, if the report contained the same information but used a font slightly wider than the font originally used, more space would be needed for the redaction.

2018:

[REDACTED] JUST WISHED FOR OFFICERS TO ATTEND TO TAIT'S ADDRESS, AND POLITELY ASK HIM NOT TO TEXT [REDACTED] UNTIL AT LEAST THE COURT CASE WAS OVER [REDACTED] [REDACTED]	03/07/2018	22:32:52	84036
[REDACTED]	03/07/2018	22:32:52	84036

2023:

Notes:

The lines that separate the information are missing in the 2023 version.

The font style and the font size are different.

On line 4 the length of the redaction is shorter.

The far right column is missing on the 2023 version.

Notes:

The layout in the 2023 version is different and has more space.

Again the font size and style are different in the two versions.

The right hand column is no shown in the 2023 version.

Why are the police officers identity numbers redacted?

2018:

On the first line it can be seen in the 2018 version the length of the characters, in the 2023 version the redaction does not extended far enough to cover the characters in the 2018 version.

The font style and size are different.

Line 4 is missing.

The far right column is missing.

### Notes:

The first two lines in the 2018 version are missing in the 2023 version.

The font style and size are different.

The far right had column is missing.

The 2018 version that I was originally sent had a file size of 20 kb

Size: 19.9 KB (20,403 bytes)

I converted the file that I was sent into a pdf and it had a file size of 44 kb.

Size: 44.4 KB (45,556 bytes)

The 2023 version was sent has a pdf and has a file size of 128 kb.

Size: 128 KB (131,072 bytes)

In 2018 I obtained a subject access request that showed there was no record of the two officers visiting my house that day.

I know that the storm report has been altered simply because I am the one mentioned and the incident did not happen at the time the officers stated it did.
